

OmniSTAR's COMPATIBLE ANTENNA CHART

Most current antennas will function perfectly with the new frequency change over. However, some existing antennas have a narrow bandwidth and may not receive the new OmniSTAR Service. In the following document you will be able to identify your antenna. If your antenna looks like it may not be compatible with OmniSTAR's new service please contact us ASAP.

OmniSTAR Pty Ltd

Please call 1300 794 498 during business hours.

ANTENNAS THAT ARE COMPATIBLE WITH OmniSTAR'S NEW SERVICE:
